Copilot PREVIEW
Help me build a report summarizing our workforce hiring for the last 12 months. I want it to include the following:
- How many employees we hired broken down by employment type
- An age breakdown of current employees
- The ability to filter by position type and role
- Other interesting breakdowns of hiring by employment type
Here's a new report page summarizing workforce hiring for the last 12 months. It includes key metrics for understanding your workforce demographiocs like diversity, average age and attrition rate. Remember to check for accuracy.
